

ASNA Scentsy Fundraiser

Starting 12/1/2016

Scentsy warmers are a wickless, flameless, harmless substitute for candles. Using a low watt bulb, the warmer heats over 80 different scents! When the wax is melted it gives off an amazing aroma of your favorite scent! Scentsy not only has warmers but markets scented room sprays, scent circles for use in passenger vehicles, travel tins, scented skin, groom, laundry and clean products as well as a line of stuffed animals called Scentsy Buddies which can be scented by inserting a Scent Pak.
